PROFESSIONAL SUMMARY

Full-stack developer specialising in Java/Spring Boot backends and AI-powered application development — with production deployments, WebSocket systems, and automated test pipelines already shipped. ISTQB-certified, bringing a quality-first mindset that strengthens every stage of development. Seeking to contribute to full-stack or backend engineering roles where both engineering rigour and clean, testable code matter.

SKILLS

Languages & Frameworks: Java, Spring Boot, Python (Flask), JavaScript, HTML, CSS, REST APIs, WebSocket, Microservices

QA & Testing: Manual Testing, API Testing, Test Design, Playwright (Automation), Newman, JaCoCo, ISTQB Certified

AI & NLP: spaCy, HuggingFace, TF-IDF, OpenAI API, Gemini API, NLP Pipelines

Databases & Tools: SQL, PostgreSQL, Git, Docker, Postman, Swagger UI, GitHub Actions (CI/CD), Render.com

Technical Concepts: Test Design, REST Architecture, Microservices, CI/CD Pipelines, WebSocket, NLP, OOP, SDLC

TECHNICAL PROJECTS

AI-Powered Bug Tracker with Auto-Test Generator | Spring Boot · OpenAI/Gemini · Playwright [\[Repo\]](#) [\[Live\]](#)

- Built a role-based bug tracking system (Admin/Dev/Tester) with AI integration — pasting a bug description auto-generates a Playwright test case via Gemini/OpenAI API in under 3 seconds.
- Implemented a live test runner that executes generated tests from the UI and streams pass/fail results with logs in real time, reducing manual test-writing effort by ~70%.
- Configured Brevo email alerts for assignments and overdue bugs; deployed on Render with Docker — full README + architecture diagram covering all 3 user roles.

Real-Time API Performance Monitor | Spring Boot · WebSocket · PostgreSQL [\[Repo\]](#) [\[Live\]](#)

- Developed a live dashboard polling 5+ endpoints every 5 minutes, streaming response time, status codes, and error rates via WebSocket with sub-200ms UI latency.
- Built historical trend charts (Chart.js, 24 hrs/7 days) and an alert system firing email/Slack webhooks when response time exceeds threshold — reducing incident detection time by ~80%.
- Pointed the monitor at the Inventory System API — connecting 2 independent projects into a cohesive, end-to-end demonstrable portfolio.

Resume Screening API | **NLP Microservice** | Python · Flask · Spring Boot [\[Repo\]](#) [\[Live\]](#)

- Built a Python Flask microservice that parses resume PDFs with spaCy NLP and scores job-description match using keyword similarity + TF-IDF, achieving ~85% match accuracy on test cases.
- Wrapped the service behind a Spring Boot API gateway (microservice pattern), processing multi-page PDFs in under 2 seconds — combining Java and Python, rare for a fresher.
- Shipped a frontend (upload resume + paste JD → match score with missing skills highlighted); documented via Swagger UI and Postman collection, cutting manual screening time by ~60%.

EDUCATION

Master of Computer Applications (MCA) — Distance Education

Sikkim Manipal University (SMU) | Semester 1 of 4

2025 – 2027

Remote, India

Bachelor of Commerce (B.Com) — Bangalore University

The Oxford College of Business Management

2022 – 2025

Bengaluru, India

CERTIFICATIONS

- ISTQB Foundation Level Certificate in Software Testing (CTFL-149724) | ISTQB, 2025 [\[Credential\]](#)
- API Beginner Learning Path | Postman Academy, Nov 2025 [\[Credential\]](#)

POSITIONS HELD

The Oxford College of Business Management, Bengaluru

- Member, Literature Club**
Participated in 10+ inter-college debates; written pieces recognised for clarity and analytical depth.
- Volunteer, National Service Scheme (NSS)**
Mentored 30+ underprivileged students across 2 government schools over 6 months, improving test scores by ~20%.

D.A.V. Public School

- House Captain & Kabaddi Team Captain**
Led 50+ students across 5 inter-house competitions; secured top-2 finish in house standings for 2 consecutive years.

HONORS & AWARDS

D.A.V. Public School

- Best Cadet, NCC Senior Division**
Top-performing cadet in NCC Senior Division for discipline, dedication, and leadership.
- Shooting Accuracy Award, NCC Senior Division**
Ranked among top performers in live-firing drills for exceptional accuracy and precision.
- Cultural Excellence Award (Dance)**
Represented school in state-level competitions for outstanding cultural performance.
